From the Desk of Chief Editor

With the present issue, we are completing six years of publication of our beloved Journal including three years of the current team. I take this opportunity to express my heartfelt gratitude to the University authorities, members of the editorial board, our website consultant, advisory board, authors, reviewers, members of faculty, et al for their continuous support and patronage. Hope that the Journal will continue its journey with academic vigour and quest for excellence in the field of research and publication.

December is the concluding month of the calendar year. The current month marks the end of the second decade of the Century. It would bring the year 2020 to an end that could go into history as one of the most eventful years in modern times. At the same time, December brings in a number of days including that of World Aids Day (01), International Day of Abolition of Slavery (02), International Day of Persons with Disability-differently able (03), Universal Human Rights Day (10), National Energy Conservation Day (14), Minorities Rights Day and World Migrants Day(18), National Mathematics Day- celebrating the birth anniversary of the genius mathematics wizard Srinivasa Ramanujan (22), National Consumer Rights Day(24), and to top it all Christmas Day and National Good Governance Day (25). These days remind us that every end heralds a new beginning. Hope will triumph over despair. We need to rededicate ourselves to the cause of all round progress and development of humanity.
